

Who does Joy Center provide services for?

We offer services to US Military service members, family members, retirees, and other eligible beneficiaries. JC provides services for Civilian families as well (BCBS, GEHA, AETNA and CIGNA).

We provide these services to families living overseas as well as families living in America.

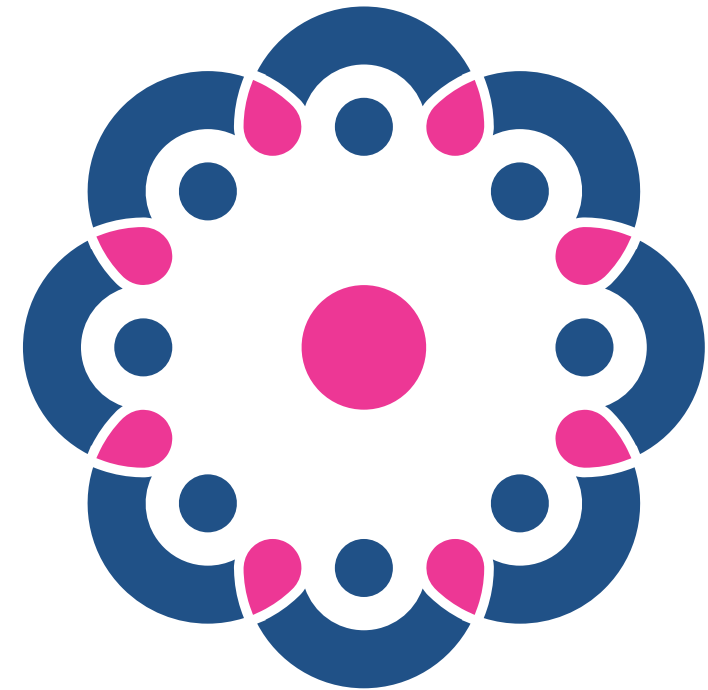

What Programs does Joy Center offer? (Physical Location)

We offer evaluations, one-on-one treatment in all professions (PSY, SLT, and OT). We offer group sessions (ie. social groups, after-school programs, summer/fall camps).

We offer family sessions, sibling sessions and support to enhance learning profile (via collaborations with schools).

(Telemedicine/Telehealth)

We offer social groups and individual sessions with children and adults. We also offer parent support and parent coaching.

Who is Joy Center?

Joy Center is a clinic located close to military bases in Aviano, Gricignano, and Vicenza, Italy.

Joy Center/AZA is an American-owned company based in Chicago, IL for the past 25 years.

In 2009, Joy Center (JC) moved to Italy and began its collaboration with International SOS and civilian insurance companies.

What does Joy Center do?

We support children and parents when challenges arise in the child's unfolding development. We also support parents and families when struggles occur from living overseas and not having support in the way that it is needed. Military families and children face unique stressor and sometimes complexities emerge that need immediate, intensive, and/or consistent interventions. We offer innovative programming, social events, parent training, and support groups.

Where does Joy Center provide services?

We offer services to US Military service members and civilians living overseas and in America through sessions at our clinic locations (Aviano, Vicenza, Gricignano, Chicago & San Diego) and through telehealth/telemedicine.

Where is Joy Center Located?
